**RE: EXTENSION PERIOD FOR ONLINE MARKER APPLICATION IN RESPECT OF MARKING 2024 GRADE 12 OCTOBER/NOVEMBER NSC EXAMINATIONS SCRIPTS**

Pursuant to the matter above, a communique is hereby given to inform all unregistered potential applicants for marking Grade 12 October/November NSC examinations scripts that the due date of the online marker application is extended to 17 May 2024.

We have received quite a reasonable number of successful uploaded applications, however it is our belief that a significant number of potential markers faced technical challenges to successfully complete their registration. It is for this reason that the extension of the closing date of online marker application became necessary to consider

Kindly take note:

- ✓ All Applicants who have registered in 2023 through OMARES, are required to **apply again**.
- ✓ All applicants should ensure that when starting to open the system to apply, all relevant documents are readily accessible to avoid 'run-out' time.
- ✓ All relevant documents to be uploaded should be of the required size and are in PDF or JPG.
- ✓ The eligibility requirements as stipulated in the OMARES documents, are to be strictly applied.
- ✓ Applicants who successfully apply online, will be notified through SMS.

Wishing you all the best as you manoeuvre the system.
